RESOURCE PACKET

Who We Are?

This non-profit program is designed to improve young girls ages 13-21 on their self-love, self empowerment, and self-improvement. We visit different schools to provide self-development workshops that build leadership and self awareness.

What is this packet?

Many of our students have experienced human trafficking, incarceration, mental disorders, homelessness, and more. Our duty is to provide these young women resources and support to improve their lifestyle and health. This packet includes a multitude of resources within San Bernardino County that focus on mental health, teen pregnancy, human trafficking, incarceration, domestic violence, and LGBTQ support.
